

The King George VI Large Key Type Revenue and Postage High Value Stamps 1937–1953

by Eric Yendall

A comprehensive, illustrated guide to the printings, plate flaws, postal and fiscal usage of the King George VI large key type high value stamps of Bermuda, Leeward Islands, Nyasaland Protectorate, Ceylon, Straits Settlements, BMA Malaya, Singapore, Malacca, Penang, Kenya, Uganda, and Tanganyika.

'As readers will see for themselves his book demonstrates the true meaning of "comprehensive". Every conceivable aspect of these stamps and their use, country by country, is fully annotated. Add to this the marvellous illustrations and the fantastic detail and research that has been applied to the various constant flaws and the myriad of printings and one has the ultimate "bible" for the King George VI Large Nyasa type key plates.'
